TO JOIN NEBOGATOFF

ADMIRAL ROJESTVENSKY SAID TO HAVE SAILED SOUTHWARD FROM KAMRANH BAY.

WILL ISOLATE VLADIVOSTOK

MAIN FORCES OF JAPANESE ARMY MOVING TO CUT OFF THAT RUSSIAN FORTRESS.

Tsingtau, Shantung Peninsula, China, April 26.—Russian officers here received news during the day that Vice Admiral Rojestvensky's fleet on leaving Kamranh bay steamed in a southerly direction to join Nebogatoff's detachment.

Paris, April 26.—A dispatch from Saigon to the Petit Journal states that nine warships, supposed to be Vice Admiral Nebogatoff's detachment of the Russian Second Pacific Squadron, doubled Cape Baie, about fifty miles northeast of Saigon, on the night of April 25.

Saigon, Cochinchina, April 26.—Advices just received from Kamranh bay say that twenty Japanese warships passed the bay between 8 and 9 o'clock in the evening of April 23. More firing at sea was heard at Kamranh bay Sunday morning. The reports were extremely faint. It is reported that four Russian cruisers are lying off the coast.

TO CUT-OFF FORTRESS

MAIN BODY OF JAPANESE ARMY SAID TO BE MOVING AGAINST VLADIVOSTOK.

St. Petersburg, April 26.—Interesting light is thrown upon operations in Manchuria by private advices received here, which are that the Japanese have left merely a screen before General Linevitch while pouring their main forces along the eastern mountain passes into the valley of Sungari toward Kirin and Ninguta, the ultimate plan being completely to isolate Vladivostok. Meanwhile, it is stated, bands of Chuchuses are creating a diversion on the Russian right.

If the information is correct it is believed that Linevitch will decide voluntarily to attempt the offensive in order to save Vladivostok. According to reports circulated in St. Petersburg Kuropatkin has disagreed with Linevitch regarding the advisability of such a step and has resigned the command of the First army, which has been given to Baron Kaulbars.

NO GENERAL ENGAGEMENT.

Russians Believe Togo Will First Try Torpedo Boat Attacks.

St. Petersburg, April 26.—Admiralty circles are coming to accept the view that there will be no great or general action between the fleets of Russia and Japan for some time, basing their belief on strategic and tactical reasons, which incline Admiral Togo to avoid a decisive action until he has made every effort to demoralize the Russian fleet by torpedo attacks and interference with transports by his cruiser division.

The admiralty scouts the reports that engagements have already occurred, pointing out the great distance separating the places where the dispatches originated; and a naval staff captain declared that reports from English sources should not only be doubted but even mistrusted. The probability of a sortie by the Vladivostok squadron in an attempt to join Admiral Rojestvensky is discussed by the Razvedchik, a military weekly paper, which confirms the report that the three cruisers, Gromobol, Rossia and Bogatyr, have been repaired and that Vladivostok harbor is free from ice. The paper comments on this accession of strength to Rojestvensky and expresses the opinion that he will now proceed as rapidly as possible to Vladivostok.

ANNEXATION IS IMPOSSIBLE.

Island of Crete Will Not Be Allowed to Join Greece.

Rome, April 26.—In accordance with the decision of the meeting on April 24 of the British, Russian and French ambassadors under the presidency of Foreign Minister Tittoni, the Italian foreign office has communicated to Prince George the information that the protecting powers regard the annexation of the island of Crete to Greece as impossible. The communication adds that the powers are prepared to act energetically for the pacification of Crete.

RUSSIAN LOSSES AT MUKDEN.

The General Staff Places Them at About Ninety Thousand Men.

Gunshu Pass, Manchuria, April 26.—An exact statement of the exact loss in all categories in the battle of Mukden, from Feb. 19 to March 4, compiled by the general staff, shows that the casualties were greatly overstated in earlier reports. Statements from Japanese sources indicating wholesale capture of prisoners, enormous booty and cannon are now denied. In reality it appears the Russian losses amounted to 2 generals who were captured, 1,985 staff and other officers and 87,677 men, of whom the greater part, about 55,000, were wounded. In evacuating Mukden and retreating to the northward the Russians lost 32 guns, of which 3 were mortars, 3 old type field guns with piston action and 26 quick-fire guns. Of the siege artillery every gun and all the ammunition carts were sent north two days before the retreat began. General Karkavitch, the chief of staff, calculates that other losses aside from wounded were as follows: About 15,000 killed; 7,000 to 8,000 known to have been captured and 10,000 to 12,000 missing, of whom several thousand were drivers, sanitary and commissariat corps employees and other noncombatants. A very large number were slightly wounded and returned to the ranks.

This would indicate that the extent of the Japanese victory and the disorder of the Russian retreat have been exaggerated and the spirit of the Russian army is still strong and the troops are not demoralized.

TO BE NO DISCRIMINATION.

All Companies Will Fare Alike on Panama Railroad Business.

Washington, April 26.—Secretary Taft has made a decision of the greatest importance to railway interests regarding the policy of the government relative to the existing monopoly of traffic across the isthmus of Panama and the fixing of rates over the Panama railway on bearing on the existing rates on transcontinental traffic.

The publication of several interviews recently with the secretary himself, with representatives of the canal commission and with Engineer Wallace has led to much confusion in the public mind on these subjects and the secretary concluded to publish a letter he has written as the best way of making known his own views and purposes. In this letter he makes it plain that there is to be no discrimination whatever as between the several steamship companies in handling their business across the isthmus.

REQUEST IS DECLINED

NORWAY REFUSES TO ACCEDE

TO THAT OF THE CROWN PRINCE REGENT.

Stockholm, Sweden, April 26.—The Norwegian government has declined to accede to the crown prince regent's request for a renewal of the negotiations looking to an adjustment of the differences between Sweden and Norway, but requires as precedent to such negotiations the establishment of a separate consular service and that no obstacle be imposed on the existing liberty of action of either country. In consequence of this decision the regent issued a statement during the day as follows:

"The Norwegian government unfortunately declines to associate itself with my proposal for fresh negotiations concerning the union. I must therefore with sincere regret leave the matter to the council of state."

The common affairs of Sweden and Norway are decided by a council of state composed of Swedes and Norwegians.

KOCH TRIAL IN FULL SWING.

Taking of Evidence Begun in Famous Murder Case.

Mankato, Minn., April 26.—The Koch trial is now in full swing. The taking of evidence began during the morning, and the state made considerable progress in developing its case. Several witnesses, including Doctors Welsch and Freitsche, were examined, and the evidence was almost identical with that of the same witnesses at the New Ulm trial. In only one particular was there any change of base on the part of the state, noticeable, and that appeared while Witness George Schmidt was being examined. The state failed to ask him whether he saw Koch have any package under his arm, wrapped in manilla paper, when he saw the dentist on the evening of the murder. At the New Ulm trial one of the points made by the state was that Koch carried such a package under his arm, the theory being that it was the hammer with which the murder was committed. It was left for this to be brought out in cross-examination, after the witness' memory had been refreshed by reference to his previous testimony. Dr. Koch is still out on bail.

THE PATTERSON CASE

DR. O'HANLON CHANGES HIS OPINION IN REGARD TO YOUNG

ENDING HIS LIFE.

CASE FOR JURY TO DECIDE

PHYSICIAN NO LONGER HOLDS TO THEORY THAT BOOKMAKER

COMMITTED SUICIDE.

New York, April 26.—Perhaps the most interesting development in the testimony of the day in the trial of Nan Patterson, charged with the murder of Caesar Young, came when Coroner's Physician O'Hanlon took the witness stand for the prosecution and said in reply to questions that he had changed his opinion that Young had committed suicide.

Dr. O'Hanlon performed the autopsy on Young's body. In his testimony during the day he said:

"My present opinion is not the opinion I formerly expressed to Coroner Brown."

The counsel for the defense, Lawyer Levy, asked the doctor:

"Did you report this case to Coroner Brown as one of suicide?"

When Dr. O'Hanlon replied in the affirmative, Mr. Levy asked:

"Do you now say that in your best judgment it is a case of suicide?"

"No, I won't say that."

"Didn't you say so once?" was asked.

"I did, but I think now it is a case for the jury to decide. I thought at the time that I detected powder marks on the hands of Caesar Young."

Assistant District Attorney Rand then produced the official report of Dr. O'Hanlon, which did not define the case as one of suicide and the doctor said that he simply expressed the suicide opinion in conversation with Coroner Brown.

Did Not Hold the Same Opinion.

After some further questioning Mr. Rand asked the witness if he still held the same opinion that he expressed to Coroner Brown and Dr. O'Hanlon replied that he did not.

This incident came at the close of the day's proceedings in the trial. When court opened Miss Patterson appeared in a black and white checked dress, in direct contrast to the mourning costume which she has worn during days of this and previous trials.

At the day's hearing Police Captain Sweeney told of a conversation he had with Miss Patterson soon after her arrest, in which she said she had put her hand in Young's pocket after the shot had been fired and looked at the revolver and then dropped it back in the pocket.

The scenes on West Broadway where the shooting took place were gone over by witnesses and the cab driver who was on the box when Young was shot was on the stand. He

was asked why he did not look in the cab when he heard the shot fired and replied:

"It was not my place. Suppose I had looked in and got shot."

Kelley Defeats Jack O'Brien.

Indianapolis, April 26.—Hugo Kelley of Chicago was given the decision over "Philadelphia" Jack O'Brien at the end of a ten-round bout at the auditorium at night. The fight was fast and furious from the start. The decision was popular.

IN A FIT OF JEALOUSY.

Indiana Man Kills His Sweetheart and Himself.

Fort Wayne, Ind., April 26.—In a fit of jealousy at night John W. Welker, aged twenty-four, a prominent business man, shot dead his sweetheart, Minnie Melching, aged twenty-four, and then cut his throat, dying instantly. He left a note saying that they could not agree. The deed was committed in the parlor of the girl's home.

The Secret of Good Coffee

Even the best housekeepers cannot make a good cup of coffee without good material. Dirty, adulterated and queerly blended coffee such as unscrupulous dealers shovel over their counters won't do. But take the pure, clean, natural flavored **LION COFFEE**, the leader of all package coffees—the coffee that for over a quarter of a century has been daily welcomed in millions of homes—and you will make a drink fit for a king in this way:

HOW TO MAKE GOOD COFFEE.

Use LION COFFEE, because to get best results you must use the best coffee. Grind your LION COFFEE rather fine. Use "a tablespoonful to each cup, and one extra for the pot." First mix it with a little cold water, enough to make a thick paste, and add white of an egg (if egg is to be used as a settler), then follow one of the following rules:

1st. WITH BOILING WATER. Add boiling water, and let it boil THREE MINUTES ONLY. Add a little cold water and set aside five minutes to settle. Serve promptly.

2d. WITH COLD WATER. Add your cold water to the paste and bring it to a boil. Then set aside, add a little cold water, and in five minutes it's ready to serve.

3. Don't boil it too long. Don't let it stand more than ten minutes before serving. Don't use water that has been boiled before.

TWO WAYS TO SETTLE COFFEE. 1st. With Eggs. Use part of the white of an egg, mixing it with the ground LION COFFEE before boiling.

2d. With Cold Water instead of eggs. After boiling add a dash of cold water, and set aside for eight or ten minutes, then serve through a strainer.

Insist on getting a package of genuine LION COFFEE, prepare it according to this recipe and you will only use LION COFFEE in future. (Sold only in 1 lb. sealed packages.) (Lion-head on every package.) (Save these Lion-heads for valuable premiums.)

Of Interest to Bicycle Riders

It looks now as though the enthusiasm of the bicycle riders is about to be restored in Brainerd as well as elsewhere; the records from all over the country showing increased sales and riders. A. L. Hoffman & Co., sold six wheels last Saturday. We are sure of good paths this year as R. D. King will act as superintendent and all riders know that he built the only good paths we ever had in the city. Reports from other cities are that the old riders are rummaging their attics and sheds and polishing up their old wheels to get ready for the finest recreation on earth. If you will dig up your old wheel and telephone to Hoffman, he will send for it, fix it up and return it charging you as moderate a price as first class work will admit of.

The bicycle license tags have arrived and will be on sale at the usual places. The price will be 50 cts. each, and work will commence on the paths at once.

A. L. Hoffman & Co., handle the old reliable lines. The Columbia, Rambler, Imperial, White Flyers and Bander. Prices range from fifteen to one hundred dollars, for cash or on easy monthly payments.

If you do not own a wheel, Hoffman will rent you a first class Chainless Bicycle, at as low a rate as charged by other places for old skates.

John Boyle returned to Jamestown this afternoon where he has a position with the Northern Pacific.

John Welch left for Minnehaha Falls this afternoon where he will spend the summer at the Soldier's home.

W. H. Cleary, manager for the Brainerd Grocery company, left for Minneapolis this afternoon on business.

Supt. of Schools Olson, of Cass county, passed through the city this afternoon en route to the twin cities on business.

Luke O'Neill, manager of the Brainerd branch office of A. T. Morris wholesale cigar house of Cincinnati, Ohio, left for Staples today on business.

Work has been commenced in putting the rooms in the McFadden block in shape for the Commercial Club. C. B. Rowley has the contract to do the work.

W. Dunstan, who was formerly a resident of this city, but now of Cass Lake, has been visiting in the city for a short time. He returned home this afternoon.

The Odd Fellows anniversary ceremonies will be held at I. O. O. F. hall this evening. An excellent program of musical and literary numbers has been prepared.

Deputy Game Warden Saunders yesterday took 600 feet of net out of the east end of Gull lake. This makes over 2,000 feet of net he has confiscated out of this lake.

The Ladies' Aid of the First Congregational church will give a supper on Thursday evening from 5 o'clock on and everyone is invited to be present. They have the reputation of being excellent caterers and they will have an excellent menu for tomorrow night.

Mrs. E. M. Adams lectures at the First Baptist church this evening on the subject, "A Modern Patriot." Mrs. Adams has a marked intellect and her ideas are fresh, logical and pungent. She possesses the happy faculty of pleasing her audiences as well as instructing them.

One of the pretty events of the season will be the dancing party at the Elks hall tonight given by Miss Ethel Moberg and Miss May Belle Greweox. A large number of invitations have been sent out. Graham's full orchestra will furnish the music. Dancing at 8:30 o'clock.

Is Your Boy a Drunkard?

Help Him by Orrine Overcome His Craving—Can be Given Secretly.

If your boy or husband has fallen a victim to the drink habit, endangering his future happiness and prosperity, do not delay a moment in helping him to overcome his craving for drink. Will-power alone cannot cure the liquor habit; for drunkenness is a disease and the desire for liquor must be satisfied.

Orrine, the wonderful specific for the cure for the whiskey and beer habit, removes all craving for drink with a few days' use and effects a permanent and lasting cure. It comes in two forms. No. 1 is perfectly colorless, tasteless and odorless and can be given in tea, coffee or food without the patient's knowledge. But we recommend No. 2, in pill form, to be used by those who desire to free themselves from the terrible mastery of drink. The cost of either form is \$1 a box. Orrine, the only guaranteed cure for the drink habit, is sold and recommended by H. P. Dunn & Co., Central Drug Store, Nat'l Bank Block, Brainerd Minn.

If you want a pretty face and delightful air,

Rosy cheeks and lovely hair,
Wedding trip across the sea,
Put your faith in Rocky Mountain Tea.

FAMILY OF FOUR GERERATIONS

The Eastman Family of Four Generations Live in This City and Are Well and Happy

An interesting group picture was taken this afternoon by A. M. Opsahl. The picture represents four generations in the Eastman family, the following composing the group: Alvin Eastman, 75 years; Jennie Long, 47 years; Maude Jepson, 22 years; and Mildred Jepson, eight months.

The picture was taken as Mr. Eastman expects to move up the M. & I. again, where he has been most of the winter.

Sabbath Observance

Sunday reform associations in all lands have appointed April 30 to May 7, 1905 inclusive, as the world's week of prayer for the Lord's day. Just before the summer flood of Sabbath breaking, we are called every year to protect the imperiled Lord's day by a week of prayer and prevention. Will all pastors and Christian organizations make this a special subject of speech and prayer during the coming week.

WOMEN WHO WORK

Need Strong, Vigorous Nerves.

DR. A. W. CHASE'S NERVE PILLS

The life of women and girls who work is at best a hard one and even under the most favorable circumstances the results often show shattered nervous systems and broken down health. To meet the conditions required of her, to sustain the extra strain and nervous tension of duties never intended for her in the plan of nature, she must use every endeavor to preserve the vitality of her nerves and the regularity of the female functions. No remedy ever offered the world has accomplished the wonderful results obtained from the use of Dr. A. W. Chase's Nerve Pills. By supplying the nerves and blood with the elements necessary to their life and activity, they cause a steady increase of natural strength to both body and mind, brighten the eyes, clear the complexion and instead of a depressed, wornout feeling, there will be one of buoyancy and life. Dr. A. W. Chase's Nerve Pills make life worth living.

Mrs. Anna Doretz, of No. 919 Cleveland Avenue, Niagara Falls, N. Y., says: "I was overtaxed with work and completely tired out. I used to go to bed to think and worry and could not sleep as a result and I was nervous during the day. Hearing of the good effects of Dr. A. W. Chase's Nerve Pills in such affections I determined to try them. I got a box and they were a complete success. They toned me up quickly. I got over the nervousness and sleep finely and restful again. I am sure I am glad to recommend them." 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. Portrait and signature of A. W. Chase, M. D., on every package.

Save Your Daughter

No. 185 West 88th Street,
NEW YORK CITY, N. Y., April 3, 1903.

Wine of Cardui has been a blessing to my home. I have often found that it was a great relief when I was weary or in pain, but I am especially grateful for what it did for my daughter and only child. I noticed that her menses were tardy and she suffered with headaches and giddiness, heaviness in the abdomen and about the loins. This seriously interfered with her studies and she had to discontinue several of them.

A visitor calling on me and discussing the matter suggested that I give her a course of your Wine of Cardui as it had relieved her daughter of a similar trouble. After my daughter had used it for five weeks I found a great improvement in her looks, health and behavior, in fact she was a different girl. The flow became regular and we have not had any difficulty since.

WINE of CARDUI

Here the menstrual function had not been properly started and the unnatural condition was making the young girl an invalid. The headaches and giddiness, indicated something more than a mere temporary ailment. They were symptoms of a functional weakness which would become more and more aggravated as years went by. But Mrs. Thompson was ready to take advice for her daughter's welfare and she gave the little sufferer Wine of Cardui and now she is a well young woman.

If your daughter is sickly and frequently ailing the letter of this good mother contains the best advice you can follow.

Wine of Cardui is the menstrual regulator that cures nine cases out of every ten. Young girls, mothers and aged women find this tonic indispensable. All druggists sell \$1.00 bottles Wine of Cardui.

PLAY FIRST GAME WITH THE JAVAS

The St. Cloud-Brainerd Team to
Get Their First Try-out at
Minneapolis Sunday

THERE WILL BE STRONG LINEUP

Javas One of the Strongest Amateur Teams Ever Collected in the State.

The first public performance of the St. Cloud-Brainerd Northern league team will be on Sunday, when they will be pitted against the strong Java team of Minneapolis. Manager Reilly received a letter from Playing Manager White today stating that the game had been arranged and Mr. Reilly will go down tomorrow to remain over until that time. While in the cities he will buy some of the equipment needed by the team and will also close a deal for the caps, belts and stockings to be worn by the team.

Playing Manager White states that he has a strong lineup for the Sunday game and it is anticipated that the game will be a good one.

BROKE INTO THE SALOON

Someone Cut a Hole in the Plate Glass in the Coates Liquor Co. Store and Got Some Whiskey.

Somebody, evidently the work of some youngsters, cut a hole in the plate glass front of the John Coates Liquor company store and succeeded in purloining about twelve bottles of the "Oh, be joyful." The work was done so smoothly that no one noticed it until the middle of the morning.

How Much Of A Liar Is Lawson?

Mr. Norman Hapgood, writing in Collier's for April 22, in part says:

In the past Thomas W. Lawson has battled victoriously with the demon of obscurity. In the future he will do less. By the reckoning of an expert, had he been compelled to pay at ordinary rates for notice recently received, it would have cost him three million dollars since July. To acquire fame, at rates so moderate, as Mr. Fales accurately concludes, in his entertaining little biography of the Boston saint and martyr, would, if Mr. Lawson had been chewing gum or corn cure, have made a fortune for his owners. Throwing pennies to newsboys from a hotel window only cost him \$20, and secured him \$2,000 worth of space. Securing Mrs. Gardner's box at the horse show was almost a free advertisement. Some think the Lawson pink actually cost but \$3,000. In the "Why Priests Should Wed" sensation, Lawson is supposed to have hired the preacher whose arrest enabled "Big Hearted Tom" to step in and pay the paltry fine and secure notice worth many times the price. "Frenzied Finance" is the hottest advertisement he has encountered yet, but surely we have not seen the last of his resources.

Mr. Lawson is the greatest advertising genius since Phineas T. Barnum. He is also histrionic, and, like other actors, he does not always distinguish between himself and the role which he assumes. The histrionic nature is impulsive on the periphery, emphatic, easily moved to as much emotion as is needed to make expression easy.

That Mr. Lawson is a knave I have no doubt. He has proceeded all his life on the established brigand scheme of decrying a property, buying it, boosting it, and selling, letting the devil take the purchaser. His financial morals are the same today as they were in the days which he describes half with mock-penitence and half with pride. Fraud is the expression of his nature. He is a gentleman of fortune, an adventurer, and liar. It is a foolish lamb that trusts him. Moreover, nobody honors the man he was when his admitted crimes were done, and meaner than his companions, whose secrets he tells to save himself. Nevertheless, the law has need of him. His uncorroborated evidence goes for little, but it guides investigation. It leads to better evidence. Mr. Lawson's charges against the insurance companies are already bearing fruit. Because of them these great depositaries for widow and orphan will be less rapacious. They will probably reach the same condition as saving banks, and the lurid pictures of Lawson will have brought that day nearer. He has charged the directors with much of which they are innocent, but his charges have shown how wrongs can be committed under the current system, and sometimes are committed. The excitement with which the Equitable troubles have been followed is largely due to him. He has prepared the people to protect themselves. He has set in motion a force which will hardly stop short of serious reforms.

MUSIC AND DRAMA.

"UNCLE TOM'S CABIN."

Stetson's production of "Uncle Tom's Cabin" will appear at the Brainerd opera house tomorrow night. The rendition of Uncle Tom by this company will never grow old. This management believes in the maxim: "What's worth doing at all is worth doing well." There runs through this story a pathos peculiarly touching and sweet. It speaks the universal language of the heart. It reflects like a mirror the innermost phases of the human emotions. Notwithstanding the frequent production of this play it is seldom produced by other companies in the manner it is by Stetson's. In his theatrical offering Manager Washburn has brought together the requisites that go to make up a good production. Seats now selling at Dunn's.

"A ROYAL SLAVE."

"A Royal Slave," which comes to this city next Saturday, matinee and evening, will prove an innovation in the way of melodrama as it is a novelty both as to theme and scenic embellishment. The plot of the play is taken from General Lew Wallace's great story, "The Fair God," which is somewhat of a guarantee of its literary merit. The scenes have been painted from photographs taken in Mexico especially for this production and are said to be magnificent examples of the scene painter's art. Matinee prices, 25c and 15c; night prices, regular.

"A LITTLE OUTCAST."

A very unique character is seen in the play, "A Little Outcast." It is that of the dual nature—a man who, when sober, is a scholar and a gentleman, but who, when under the influence of opium, is rather the first than the second. Under its influence he dreams the brightest visions ever imagined by the most persistent victim of the drug which brings the iridescent thing in the way of dreams. The part is played by Mr. W. F. Harmon, who worked in stock companies in San Francisco for several seasons and made a special study of the confirmed "dope fiend" of Chinatown. "A Little Outcast" will be seen at the Brainerd opera house next Monday evening.

Try the Boardman Hotel, St. Paul. Centrally located and rates reasonable.

ELK'S BAND CONCERT

Given Last Night in Garder Hall Was a Success and Was Enjoyed by a Large Crowd

The Elk band concert and dance in Gardner hall last night was an enjoyable affair. The program of seven or eight numbers preceding the dance was very enjoyed. A decided improvement is shown in Director Sykora's band and some of the numbers given last night would be a credit to a band twice the size and with considerable more experience. The concert was excellent and notwithstanding most of those present were in a hurry to get to the dance the band was frequently applauded with much enthusiasm.

The dance following was also enjoyed, the music for the dance by the band being a very pleasing novelty.

A GREAT WEAPON.

Brainerd People Cannot Fail To Appreciate Its Value.

Only one weapon. To fight backache—The weapon that strikes the cause. Doan's Kidney Pills strikes the root. Their work in Brainerd proves it. You read of cures made years ago. And the cures were lasting cures. Read the following:

Philip O'Neil, of 516 Norwood St., Brainerd, Minn., says: "Brainerd people have seen in the local papers the testimonial I gave in 1898, recommending Doan's Kidney Pills, and many times I have been called upon to corroborate that statement in personal interviews. My confidence in Doan's Kidney Pills has not been lessened during the past six years. It has shown itself equal to all the claims made for it. I was a sufferer for a long time from backache and pains in the loins. The kidney secretions were too frequent and much discolored. The trouble became worse and worse and nothing helped it until I got Doan's Kidney Pills at H. P. Dunn & Co's drug store. I used this remedy faithfully until the annoyance from the kidney secretions ceased and the pains and backache disappeared. The cure then effected has been most gratifying and altogether permanent."

Sold for 50 cents a box by H. P. Dunn & Co., and all druggists. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name—Doan's—and take no substitute.

LIFE OF GEO. RAPPEL SAVED

Doctor Succeeded in Pumping Out the Poison the Man Had Taken After About an Hour's Work.

Geo. Rappel, a well known resident of East Brainerd who took poison yesterday afternoon with what is thought to have been suicidal intent, was saved after a physician had worked over him for about an hour. As near as can be learned from symptoms apparent Rappel took morphine. Nothing, however, could be found around the house that would disclose what the poison was and when he came to he would not talk about the matter at all.

As near as can be learned Rappel has been drinking rather heavily of late and it was while he was alone in the house and during a despondent spell that he took the poison. He has been out of work for some time and this too is thought to have preyed on his mind.

PLAY FIRST GAME WITH THE JAVAS

The St. Cloud-Brainerd Team to
Get Their First Try-out at
Minneapolis Sunday

THERE WILL BE STRONG LINEUP

Javas One of the Strongest Amateur Teams Ever Collected in the State.

The first public performance of the St. Cloud-Brainerd Northern league team will be on Sunday, when they will be pitted against the strong Java team of Minneapolis. Manager Reilly received a letter from Playing Manager White today stating that the game had been arranged and Mr. Reilly will go down tomorrow to remain over until that time. While in the cities he will buy some of the equipment needed by the team and will also close a deal for the caps, belts and stocking to be worn by the team.

Playing Manager White states that he has a strong lineup for the Sunday game and it is anticipated that the game will be a good one.

BROKE INTO THE SALOON

Someone Cut a Hole in the Plate Glass in the Coates Liquor Co. Store and Got Some Whiskey.

Somebody, evidently the work of some youngsters, cut a hole in the plate glass front of the John Coates Liquor company store and succeeded in purloining about twelve bottles of the "Oh, be joyful." The work was done so smoothly that no one noticed it until the middle of the morning.

How Much Of A Liar Is Lawson?

Mr. Norman Haggood, writing in Collier's for April 22, in part says: In the past Thomas W. Lawson has battled victoriously with the demon of obscurity. In the future he will do less. By the reckoning of an expert, had he been compelled to pay at ordinary rates for notice recently received, it would have cost him three million dollars since July. To acquire fame, at rates so moderate, as Mr. Fales accurately concludes, in his entertaining little biography of the Boston saint and martyr, would, if Mr. Lawson had been chewing gum or corn cure, have made a fortune for his owners. Throwing pennies to newsboys from a hotel window only cost him \$20, and secured him \$2,000 worth of space. Securing Mrs. Gardner's box at the horse show was almost a free advertisement. Some think the Lawson pink actually cost but \$3,000. In the "Why Priests Should Wed" sensation, Lawson is supposed to have hired the preacher whose arrest enabled "Big Hearted Tom" to step in and pay the paltry fine and secure notice worth many times the price. "Frenzied Finance" is the hottest advertisement he has encountered yet, but surely we have not seen the last of his resources.

Mr. Lawson is the greatest advertising genius since Phineas T. Barnum. He is also histrionic, and, like other actors, he does not always distinguish between himself and the role which he assumes. The histrionic nature is impulsive on the periphery, emphatic, easily moved to as much emotion as is needed to make expression easy.

That Mr. Lawson is a knave I have no doubt. He has proceeded all his life on the established brigand scheme of decrying a property, buying it, boosting it, and selling, letting the devil take the purchaser. His financial morals are the same today as they were in the days which he describes half with mock-penitence and half with pride. Fraud is the expression of his nature. He is a gentleman of fortune, an adventurer, and liar. It is a foolish lamb that trusts him. Moreover, nobody honors the man he was when his admitted crimes were done, and meaner than his companions, whose secrets he tells to save himself. Nevertheless, the law has need of him. His uncorroborated evidence goes for little, but it guides investigation. It leads to better evidence. Mr. Lawson's charges against the insurance companies are already bearing fruit. Because of them these great depositories for widow and orphan will be less rapacious. They will probably reach the same condition as saving banks, and the lurid pictures of Lawson will have brought that day nearer. He has charged the directors with much of which they are innocent, but his charges have shown how wrongs can be committed under the current system, and sometimes are committed. RUN ON BANKS ENDED

CONFIDENCE AGAIN RESTORED
IN THE BANKING CIRCLES
OF MILWAUKEE.

TAKE ADVANTAGE OF LAW

INSTITUTIONS AFFECTED MAKE
DEPOSITORS GIVE NOTICE
OF WITHDRAWAL.

Milwaukee, April 26.—Confidence has again been restored in the banking institutions of Milwaukee and the run on the First National bank and the Milwaukee Trust company, which was caused by the defalcation by Frank G. Bigelow, until Monday president of the First National bank, of over \$1,000,000, is a thing of the past and banking affairs in Milwaukee have resumed their normal conditions.

While the two banks affected are entirely separate institutions, the fact that they occupy adjoining buildings and that some of the First National bank officials direct the affairs of the Milwaukee Trust company, caused many of the depositors to believe that one was a part of the other. Before the hour for opening the banks had arrived a meeting of the Milwaukee Clearing House association was held and a committee of that institution after examining the assets and collateral of the First National bank issued a reassuring report.

This report was printed in large type on placards and pasted on the windows of the First National bank and also displayed in store windows on Wisconsin and East Water streets.

Following this was a statement issued by the board of directors of the First National bank, announcing with absolute positiveness that the bank was perfectly solvent.

Decided Not to Withdraw Funds.

And on top of this came word from the board of directors of the Milwaukee Chamber of Commerce announcing its decision not to withdraw its current funds from the First National bank.

All these statements had a reassuring effect on the depositors as to the stability of the banks.

The banks affected were ably prepared to cope with a large run, but it was decided by all the banks in the city to take advantage of the law on time deposits requiring a notice of thirty days of withdrawal on amounts less than \$100 and ninety days when the amounts exceeded that sum. As rapidly as the depositors appeared at the wickets of the savings departments of the affected institutions their pass books were stamped acknowledging the notice of withdrawal and the depositors took their departure. It only required about two hours to dispose of the line-up of depositors, which early in the day gathered in front of the two big banking institutions and awaited the opening of the street doors at 10 o'clock. The crowd was orderly and the police had no trouble.

One of the most spectacular happenings of the day was the action of Mayor Rose in walking down Wisconsin street to the bank in full view of the crowd with \$50,000 in currency and gold in canvas bags. This money was part of the shipment from Chicago banks and some from other Milwaukee banks.

Bank Took in Much Money.

Cashier Frank J. Kipp is authority for the statement that much more than \$2,000,000 was received during the day by the bank. At noon the street resumed its normal appearance and the run was completely over. The First National bank is depository for government departments in Milwaukee. No funds will be withdrawn.

State funds amounting to nearly \$500,000 will not be withdrawn from the First National bank. This conclusion was reached after a conference between state officials and local bankers.

National Bank Examiner C. H. Bosworth of Chicago, who was sent here by Comptroller of the Currency Ridgeley, is at work on the books of the First National and will report his findings to his superiors in Washington as soon as possible.

Frank G. Bigelow, the deposed defuncting president of the First National bank, spent most of the day in seclusion at his home. He declined to discuss the affair and his son was equally reticent.

According to the federal procedure a prisoner cannot plead guilty or not guilty until he has been indicted by the grand jury. Frank G. Bigelow will therefore not appear in court until the grand jury has considered his case.

Assistant District Attorney E. J. Hennings says that in all probability only one indictment can be returned, but that there may be a number of counts in separate instances. The grand jury will probably be called about the middle of May.

Up to a late hour, no trace had been found of Henry G. Goll, the deposed assistant cashier of the First National bank.

For Fraudulent Banking.

Ida Grove, Ia., April 26.—Fred C. McCutcheon of Holstein, a former athletic manager for Iowa university, was indicted here during the day on a charge of fraudulent banking. He gave a bond of \$2,500.

GET THREE MORE BEARS.

President Roosevelt and His Party
Having Good Luck.

Glenwood Springs, Colo., April 26.—President Roosevelt's hunting trip has been crowned with success far beyond his expectations. Three bears were killed by the party during the day and one Monday, one by the president and one by Dr. Lambert. P. B. Stewart of Colorado Springs arrived here at night accompanied by Courier Chapman. They brought the story of the hunt. The news of the killing of the three bears was telephoned to them and they understood that President Roosevelt brought down two of them. The party is almost snow-bound in its present location and no attempt will be made to cross the divide. Fifteen feet of snow is on the ground on the other side and any effort to reach Redstone would be futile. The hunters are satisfied, however, for they have reached the center of what the guides say is the best bear country in Colorado. Bob cats are thick and several fine skins have been taken.

The bear killed by the president was of the brown variety, furnishing a much finer pelt than the first animal killed. One of the bears killed during the day is said to be a grizzly.

SEVERAL SHOTS FIRED.

Attempts Made to Kill Michigan Street Car Employees.

Calumet, Mich., April 26.—An attempt was made during the day to kill the operators on one of the interurban cars on the Houghton county street railway between here and Houghton. Several bullets were fired and one passed through the cap of the motorman and others broke windows and lodged in the car. After supporting the strikers for two months, members of the Calumet Business Men's association have decided to try to influence people to ride on the cars, as business has been decreased. Petitions were circulated during the day asking the people to patronize the cars.

The Britt-White Fight.

San Francisco, April 26.—Jimmy Britt and Jabez White will fight in Woodward's pavilion in this city on May 5. The supervisors have granted the Hayes Valley club a permit for May, with the understanding that it will promote the Britt-White engagement.

Piles can be cured by internal treatment. To get at the cause—that is the secret, and that is why Dr. Perrin's Pile Specific is so universally successful in its results. It increases the flow of digestive juices in the stomach—accelerates the action of the liver. With congestion of the liver removed and constipation relieved, the two chief and distinct causes of piles are reached and conquered.

Dr. Perrin's Pile Specific The Internal Remedy

For dyspepsia, indigestion, constipation, biliousness, catarrh of the stomach and kindred ailments it is the greatest remedy that has ever yet benefited mankind.

Certain in its results, this remedy will cure the most obstinate case of Piles.

SENATOR EATON SUSPENDED.

Milwaukee Man Barred From Legislature During Present Year.

Madison, Wis., April 26.—The state senate at night by a vote of 23 to 5 suspended Senator Patrick A. Eaton of Milwaukee, representing the Seventh district, from further participation in the legislature during the year of 1905. An effort to expel was made, but failed to secure the necessary two-thirds vote required under the constitution.

This action on Eaton was the result of testimony given by the senator at his recent trial in Milwaukee for alleged graft of which he was acquitted. The testimony in question was taken by the senate as assailing its dignity.

RUN ON BANKS ENDED

CONFIDENCE AGAIN RESTORED IN THE BANKING CIRCLES OF MILWAUKEE.

TAKE ADVANTAGE OF LAW

INSTITUTIONS AFFECTED MAKE DEPOSITORS GIVE NOTICE OF WITHDRAWAL.

Milwaukee, April 26.—Confidence has again been restored in the banking institutions of Milwaukee and the run on the First National bank and the Milwaukee Trust company, which was caused by the defalcation of Frank G. Bigelow, until Monday president of the First National bank, of over \$1,000,000, is a thing of the past and banking affairs in Milwaukee have resumed their normal conditions.

While the two banks affected are entirely separate institutions, the fact that they occupy adjoining buildings and that some of the First National bank officials direct the affairs of the Milwaukee Trust company, caused many of the depositors to believe that one was a part of the other. Before the hour for opening the banks had arrived a meeting of the Milwaukee Clearing House association was held and a committee of that institution after examining the assets and collateral of the First National bank issued a reassuring report.

This report was printed in large type on placards and pasted on the windows of the First National bank and also displayed in store windows on Wisconsin and East Water streets.

Following this was a statement issued by the board of directors of the First National bank, announcing with absolute positiveness that the bank was perfectly solvent.

Decided Not to Withdraw Funds.

And on top of this came word from the board of directors of the Milwaukee Chamber of Commerce announcing its decision not to withdraw its current funds from the First National bank.

All these statements had a reassuring effect on the depositors as to the stability of the banks.

The banks affected were ably prepared to cope with a large run, but it was decided by all the banks in the city to take advantage of the law on time deposits requiring a notice of thirty days of withdrawal on amounts less than \$100 and ninety days when the amounts exceeded that sum. As rapidly as the depositors appeared at the wickets of the savings departments of the affected institutions their pass books were stamped acknowledging the notice of withdrawal and the depositors took their departure. It only required about two hours to dispose of the line-up of depositors, which early in the day gathered in front of the two big banking institutions and awaited the opening of the street doors at 10 o'clock. The crowd was orderly and the police had no trouble.

One of the most spectacular happenings of the day was the action of Mayor Rose in walking down Wisconsin street to the bank in full view of the crowd with \$50,000 in currency and gold in canvas bags. This money was part of the shipment from Chicago banks and some from other Milwaukee banks.

Bank Took in Much Money.

Cashier Frank J. Kipp is authority for the statement that much more than \$2,000,000 was received during the day by the bank. At noon the street resumed its normal appearance and the run was completely over. The First National bank is depository for government departments in Milwaukee. No funds will be withdrawn.

State funds amounting to nearly \$500,000 will not be withdrawn from the First National bank. This conclusion was reached after a conference between state officials and local bankers.

National Bank Examiner C. H. Bosworth of Chicago, who was sent here by Comptroller of the Currency Ridgeley, is at work on the books of the First National and will report his findings to his superiors in Washington as soon as possible.

Frank G. Bigelow, the deposed defuncting president of the First National bank, spent most of the day in seclusion at his home. He declined to discuss the affair and his son was equally reticent.

According to the federal procedure a prisoner cannot plead guilty or not guilty until he has been indicted by the grand jury. Frank G. Bigelow will therefore not appear in court until the grand jury has considered his case.

Assistant District Attorney E. J. Hennings says that in all probability only one indictment can be returned, but that there may be a number of counts in separate instances. The grand jury will probably be called about the middle of May.

Up to a late hour, no trace had been found of Henry G. Goll, the deposed assistant cashier of the First National bank.

For Fraudulent Banking.

Ida Grove, Ia., April 26.—Fred C. McCutcheon of Holstein, a former athletic manager for Iowa university, was indicted here during the day on a charge of fraudulent banking. He gave a bond of \$2,500.

GET THREE MORE BEARS.

President Roosevelt and His Party Having Good Luck.

Glenwood Springs, Colo., April 26.—President Roosevelt's hunting trip has been crowned with success far beyond his expectations. Three bears were killed by the party during the day and one Monday, one by the president and one by Dr. Lambert. P. B. Stewart of Colorado Springs arrived here at night accompanied by Courier Chapman. They brought the story of the hunt. The news of the killing of the three bears was telephoned to them and they understood that President Roosevelt brought down two of them. The party is almost snow-bound in its present location and no attempt will be made to cross the divide. Fifteen feet of snow is on the ground on the other side and any effort to reach Redstone would be futile. The hunters are satisfied, however, for they have reached the center of what the guides say is the best bear country in Colorado. Bob cats are thick and several fine skins have been taken.

The bear killed by the president was of the brown variety, furnishing a much finer pelt than the first animal killed. One of the bears killed during the day is said to be a grizzly.

SEVERAL SHOTS FIRED.

Attempts Made to Kill Michigan Street Car Employees.

Calumet, Mich., April 26.—An attempt was made during the day to kill the operators on one of the interurban cars on the Houghton county street railway between here and Houghton. Several bullets were fired and one passed through the cap of the motorman and others broke windows and lodged in the car. After supporting the strikers for two months, members of the Calumet Business Men's association have decided to try to influence people to ride on the cars, as business has been depressed. Petitions were circulated during the day asking the people to patronize the cars.

The Britt-White Fight.

San Francisco, April 26.—Jimmy Britt and Jabez White will fight in Woodward's pavilion in this city on May 5. The supervisors have granted the Hayes Valley club a permit for May, with the understanding that it will promote the Britt-White engagement.

TELEGRAPHIC BREVITIES.

King Edward of England and his suite will reach Paris on Saturday, April 29.

Ahmed Kemal, third brother of the sultan of Turkey, is dead at Constantinople.

The price of Western oil was reduced 4 cents a barrel Tuesday. It now ranges from 57 to 37 cents a barrel.

Justice McCall in the New York supreme court Tuesday signed a final decree of divorce in favor of Edna May, the actress, from her husband, Fred Titus.

The funeral of the late Senator Platt of Connecticut took place Tuesday at Washington, Conn. Vice President Fairbanks and a number of senators and congressmen were in attendance.

Piles can be cured by internal treatment. To get at the cause—that is the secret, and that is why Dr. Perrin's Pile Specific is so universally successful in its results. It increases the flow of digestive juices in the stomach—accelerates the action of the liver. With congestion of the liver removed and constipation relieved, the two chief and distinct causes of piles are reached and conquered.

Dr. Perrin's Pile Specific

The Internal Remedy

For dyspepsia, indigestion, constipation, biliousness, catarrh of the stomach and kindred ailments it is the greatest remedy that has ever yet benefited mankind.

Certain in its results, this remedy will cure the most obstinate case of Piles.
